

Camp Miakonda Usage

Reserving facilities at Camp Miakonda is coordinated through the Camping Secretary at the Scout Service Center. The Erie Shores Council Camping Secretary is the official registrar for all facilities at Camp Miakonda. Unless a facility is officially reserved through the Council Camping Secretary, including payment of the required facility deposit, the facility should be considered as NOT reserved. Traditional Scouting units should contact the Council Camping Secretary directly to reserve a facility at Camp Miakonda. Non Scouting groups should contact the Camp Miakonda Operations Director, who will then forward the reservation request and facility deposit to the Council Camping Secretary."

All reservations for Camp Miakonda facilities must be accompanied by a deposit equal to fifty percent (50%) of the full facility rental fee. Rental fees must be paid in full on or before six weeks in advance of the first date of the rental period. Reservations not paid in full on the designated due date are subject to immediate cancellation.

Rental deposits for cancelled reservations – regardless of the cause - will be returned, less a processing fee equal to fifteen percent (15%) of the full facility rental fee. There shall be no exceptions to this policy.

Facilities on Closed Weekends/Special Events not reserved six weeks prior to the activity will be available for reservation by other groups.

Special Events, Closed Weekends

The Council Camping Committee shall have the authority to close the Camp for special events. Any group that desires a closed camp shall submit their intentions to the Council Program Director and Camping Secretary in writing three months in advance. The Camping Secretary will forward this information to the Council Camping Committee for approval before their next meeting. All requests need to consider Camp's fiscal responsibilities.

Weekend Program

In order to coordinate the use of all of camp's facilities, a list of scheduled activities for each weekend program is required. The schedule shall be provided to the Camp Operations Director six weeks prior to an event. This activity schedule shall include a list of the activities, their locations, and an approximate time schedule for those locations. A list of all camp facilities requested shall also be provided to maximize coordination between unrelated events. The facilities include any fire rings, Council Lodge, Parade Field, Chapel, etc). The Camp Operations Director shall ensure unrelated events are coordinated for facilities and forwards this information to the Weekend Camp Director and Camp Ranger within two business days.

It is requested that every unit/group staying in camp, completes a good turn project for the betterment of camp.
